

مؤتمر الهندسة من أجل فلسطين
Engineering for Palestine

Invitation to contribute to the conference

Dear colleagues,

We have the pleasure to invite you to the “Engineering for Palestine Conference”, that will be held at Palestine Polytechnic University (PPU) main campus, Hebron, Palestine, between **September 29 and 30, 2025**.

The conference aims at employing engineering and technology in solving problems and addressing engineering and technological challenges that are currently facing Palestine. Accordingly, the conference brings together a selected group of experts, researchers, engineers, and specialists to discuss engineering and scientific developments that contribute to providing possible solutions to the scientific challenges that are facing Palestine, thus promoting sustainable scientific research can be guaranteed.

Main conference topics: (details about each topic can be found at <https://eng4pal.ppu.edu/en/node>)

- Land Ownership and Surveying in Palestine
- Highway Engineering and Traffic Analysis
- Waste recycling, managing and Reusing Debris/Rubbles of Demolished Buildings
- Urban Planning, Recovery and reconstruction proposals for sheltering the displaced people
- Water and sanitation
- The state of energy sector in Palestine - Prospects and Challenges
- Optimized industry and innovation
- Telecommunications and Information Technology
- Engineering Education Challenges
- Cybersecurity

Important Dates:

1. Paper submission deadline: May 30, 2025
2. Notification to Authors: July 15, 2025
3. Final Version of Accepted Submissions: July 30, 2025
4. Conference Dates: September 29 -30, 2025

مؤتمر الهندسة من أجل فلسطين
Engineering for Palestine

Conference Participation: Any of the following forms of submissions are welcome:

1. Full papers: are limited to 6 pages. All papers must follow the conference's template and are subject to review and editing. Each paper has to fulfill **one** of the following restrictions:
 - Original engineering solutions in one of the conference topics or themes. All contributions must be original and should not have been published elsewhere or being under consideration in any conference or journal.
 - Feasible engineering solutions in one of the conference topics or themes.
2. Abstracts,
3. Technical reports, solution concepts, prototypes, or integrated systems.
4. Projects: Projects that serve the conference topics will be presented in a special section.

Registration

- Registration for the conference is free of charge
- The authors can present their presentations at the campus of PPU or virtually
- At least one registration as well as presentation must be made by authors to have the paper in the proceedings

Language: Full Papers should be prepared in English and carefully checked for correct grammar. On the other hand, abstracts, reports, and solution concepts are accepted both in Arabic or English.

Publication: All accepted abstracts and full papers will be published in the conference proceedings and will appear in google scholar. Selected papers will be published in a **special issue in a journal** that will be selected soon.

More information about the conference can be found at the following at:
